10h15-12h30: **Panel 1: Progress on the G20's Development Agenda**

The purpose of this panel is to provide an update on the 'Seoul Consensus on Development' since the November Seoul Summit. This 'Consensus' was welcomed by many stakeholders for its appropriateness to Africa, as it both addresses Africa's economic needs and shies away from 'one size fits all' approaches to development. However, the agenda was broad requiring refinement, and questions remain about how a narrower agenda would be implemented in relation to the plethora of initiatives concerning African economic development.

Moderator:	Elizabeth Sidiropoulos, SAIIA
Speaker:	Alan Hirsch, The Presidency
Discussants:	Innocent Matshe, African Economic Research Consortium
	Peter Wolff, German Development Institute
	Richard Gower, Oxfam

12h15-13h15: Lunch

13h15-15h15: **Panel 2: Progress on the G20's Financial Inclusion Agenda.**

The final inclusion agenda is a very important component of development as it aims to create and expand access to financial services for the poor. The Multi-Year Action Plan on Development, developed at the Seoul Summit, envisages the launch of the Global Partnership for Financial Inclusion (GPII), for the effective and efficient actioning of the Financial Inclusion Action Plan. This panel will discuss the progress being made on the financial inclusion agenda in the G20 and making recommendations going forward.

Moderator:	Danny Bradlow, UP
Speaker:	Ingrid Goodspeed, National Treasury
Discussants:	Gabriel Davel, Alliance for Financial Inclusion
	Maya Makanjee, Finmark Trust

15h15-15h30 **Concluding remarks**
