The Centre in 2021 marks
35 years of its existence.

To commemorate this milestone, the Centre on 9 December 2021 hosts a Forum to reflect on its main achievements/contributions; shortcomings/missed opportunities and to consider how the Centre needs to (re)position itself to best fit into a dramatically changing landscape relevant to human rights.

Centre staff, Faculty colleagues, students, partners, donors and other stakeholders in the work of the Centre are invited to attend.
