CONTEXT

It is important to celebrate and commemorate (two) decades of the legalization of same-sex marriage in South Africa, which runs parallel to the decade(s) marking the anniversary of the legalization of same-sex marriage in Belgium and France. These anniversaries and commemorations are not just about celebrating the queer inclusive laws and policies but also provide a great opportunity to respectfully reflect on, engage with and honorably center the stories of persons, families and communities whose lives, dynamics and destinies have been changed by these queer inclusive law and policies.

CALL

To commemorate this anniversary, the Centre for Human Rights, in collaboration with Government of Flanders calls to the general public for the participation of individuals or couples who are or have been married under the same-sex marriage legal system applicable in South Africa, Belgium and France to be part of the co-creation and curation process of documenting the lived realities of same-sex married couples in these countries through photos and videos that reflect their journey. Prospective participants are encouraged to indicate their interest on or **before 17 October 2023**.
